

Vango Sunlight Air ProShield, Size 300cm, 2025

£555

Description

The Vango Sunlight Air is a 2-in-1 compact awning which can convert to a sun canopy easily by removing the included front door and side walls.

Suitable for mid height campervans and caravans it comes with twin kador attachment making it easy to attach to your vehicle or canopy cassette.

Great for any campsite as a space to escape the sun and relax in the shade or create a covered enclosed awning from the rain.

Designed with Elements ProShield fabric, providing extra durability, simply inflate the single AirBeam® allowing for fast and easy pitching.

Features Include

- Elements ProShield - Robust, durable and waterproof. 300D fabric with an HH rating of 6,000mm. Benefits from ColourLok™ technology to aid colour retention.
- Single Beam Structure - Quick and easy to assemble with only one beam to inflate, which also ensures a light and compact pack size
- Steel Rock Pegs Included - Pegs are strong, durable and can be used on more challenging terrain. Supplied with a handy carry bag
- Easy Pack Carry Bag - Oversized carry bag to make it easier to pack the awning away
- AirSpeed® Valve System and Easy Access Positioning - Designed by Vango to inflate your AirBeam®s with even less effort
- Inflatable AirBeam® Structure - With 10 years' experience in AirBeam® technology, we are the leaders in pole free pitching. AirBeam® technology ensures your awning is erect within a matter of minutes (supplied with AirBeam® pump)
- AirBeam® Pump - Supplied with all AirBeam® tents and awnings, the ergonomically designed pump allows you to effortlessly inflate your AirBeam® product. Comes complete with a pressure dial and handy carry bag
- Bracer Beams Included - Small AirBeams® secured in between main AirBeam® structure for enhanced stability
- Adjustable Pegging System - Allows awning to be pitched perfectly on uneven surfaces

- Zipped Privacy Curtains - Simple and quick to use, zip curtains allow varying levels of opening. Fits to the flysheet with no gaps and simply rolls down into a pocket when not required
- Awning is supplied with removeable zipped doors allowing it to adapt to a sun canopy or provide shelter from the wind.
- SkyTrack® II - A flexible hanging system which allows you to easily attach lighting or storage. The SkyTrack system allows you to customise your awning to suit your needs
-
